2019-03-14 Metadata Management Meeting notes

Date

14 Mar 2019

Attendees

- please put an 'x' next to your name in the list below the "Discussion items" if you are attending. Thanks!

Discussion items

Item	Who	Notes
Product Council Update	Dracine Hodges	- Gap analysis feature ranking was discussed. Institutions are currently addressing this list. This will be due by the end of April. - Work was done to address 527 bugs. Anton said more resources are needed in this area. - Testing was done for Chalmers "go live". - Automated regression testing was performed. - Tech Council updated on the Codex Vision Document. General conclusion is that there are too many open questions and concerns. More discussion is needed. Proposed next step are to look into the impact on Chalmers. - All SIG conveners gave updates. - Laura reported that a few people from MM SIG will be working on a draft of the Inventory "vision." This document will come back to the MM SIG for comment. This is a high priority. - Authority discussion will begin. Where should authority data be held, beyond MARCCat? This group will need to make recommendations. - Work in mapping data from ArchivesSpace to Inventory is being done by a smaller sub-group. (EAD to Inventory mapping) - A June FOLIO meeting for select FOLIO members is being planned.
Subgroup Updates and Other Updates		Link to Special Collections and Archives wiki page: Special Collections and Archives (SC&A) Home
Repeatable identifiers in Inventory	Ann-Marie Breaux	Valid vs invalid; normalization? How much information/detail is needed? See also: JIRA ticket - 🗹 UIIN-483 - Settings page. Inventory > Instances > Resource identifier type CLOSED *This discussion will be postponed until next week.*
Authorities		Broad discussion: where should authority-type data live and be managed? - Questions about whether a separate app is needed, in the world of linked data, arose. Do we need locally stored data for authorities? What do want and need to have locally? - Note (via chat): "TAMU is working on creating an authority App for the repository ecosystem which we wonder if will work for FOLIO also, very preliminary." Lisa (TAMU) may be able to demo or arrange a demo of what is being worked on. - Christie proposed that use cases first be compiled into a spreadsheet. A subgroup then could be formed to work on the larger questions of authority control. - It was noted that the MARCCat authority control is only intended to be a "stop-gap" solution. - Sebastian said working out a model for authorities should be seen as a mainstream priority. He noted that it will become easier to disentangle authorities from MARCCat if the larger vision of authorities in FOLIO is addressed sooner. Can we create a place to store instances of authorities - whether stored remotely, locally or both? - Jason (Cornell) pointed out the complexity of using headings from the linked data world because of the need to adapt that heading for local purposes. Spreadsheet created to gather "authority" data use cases: https://docs.google.com/spreadsheets/d/1Sy2rqXGQfzRLXVPEnJ7XNGyym3ymkOFkkror9eV4NGA/edit#gid=0
Other "parked" issues?		

Future meeting topics		Repeatable identifiers in Inventory
		Alternate Graphic Representations - when entities and words are/can be represented in more than one graphical form.
		Mapping to Inventory beyond MARC
		Authority Data
		Discovery
		Search enhancements
		Item record statuses and the apps that affect them

present?	Name	Organization
	Alice Krim	
x	Ann-Marie Breaux	EBSCO
	Ann Kardos	UMass Amherst
regrets	Charlotte Whitt	Index Data
x	Christie Thomas	
	Colin Van Alstine	Smith (FC)
	Damian Biagi	
x	Dennis Christman	Duke University
x	Dracine Hodges	Duke University
regrets	Felix Hemme	ZBW
	Filip Jakobsen	
x	Jacquie Samples	Duke University
x	Jason Kovari	
	Jennifer Eustis	UMass Amherst
x	Jessica Janecki	Duke University
x	Laura Wright	
	Lisa Furubotten	Texas A&M
x	Lisa McColl	Lehigh University
	Lisa Sjögren	
	Lynn Whittenberger	
	Mary Alexander	Univ. of Alabama
x	Natascha Owens	
	Niels Erik Nielsen	
	Patty Wanninger	
x	Sarah Schmidt	Duke University
	Tiziana Possemato	
	Theodor Tolstoy	
	Jenn Colt	
	Sarah Ross	
	Martina Schildt	VZG
	Sara Colglazier	MHC/5C
	Nancy Lorimer	Stanford

x	Aaron Trehub	Auburn
	Wayne Schneider	Index Data
	Kristen Wilson	Index Data
