## Discussion items

Item	Notes
Attendance	Update Attendee List
Action Items	Review and update Action Items
Shelf List Location	<p>Eric and Sharon met with Charlotte Whitt about overlaps between REP-189 and UXPROD-892 and UXPROD-880. Eric to provide updates on what we learned. There are also some follow-up questions for this group on how to deal with Repeating Fields.</p> <p>We need to determine how to address repeating fields in the data model. For example:</p> <ul style="list-style-type: none"><li>• Contributor</li><li>• Identifier</li><li>• Instance Format</li><li>• Call Numbers</li></ul> <p>Answer: For Repeating Fields the star schema will do a full join for all areas where there are multiple fields; Angela recommends that Eric just note that there will be multiple fields; select based on Item ID</p>
<a href="#">Services Usage Report Prototype</a>	Angela and Sharon met with Emma Boettcher to see if it should be a data warehouse report or an in app report. Angela to provide updates on what we learned and go over any remaining questions/issues.
<a href="#">Loan and Renewal Count Report Prototype</a>	Kevin will walk us through this new report prototype
RPWG Projects	<p>Review <a href="#">RPWG Project List</a></p> <p>-next priority reports?</p> <p>-update on action item from last RPWG mtg: Sharon will follow up with Eric Pennington and Charlotte Whitt on Shelf List Location report In App vs. DW questions</p> <p>-update on action item from last RPWG mtg: Sharon, Scott, and Linda to define proposal for External Statistics report prototype</p>
Circ Item Detail Report Prototype	<p>-Nassib and Roman implementing this data model in the shared LDP data warehouse</p> <p>-latest update on progress from Nassib?</p>

DC Meeting Plans	<ul style="list-style-type: none"><li>-duplicate report checking</li><li>-still meet with Reporting SIG</li><li>-try to meet with POs</li><li>-Marc in the data warehouse</li><li>-MM Convener joins to discuss MM reporting</li></ul>
For our next meeting...	<p>Next Topics:</p> <ul style="list-style-type: none"><li>• Topic 1</li><li>• Topic 2</li></ul> <p>Next meeting of the Report Prototype WG is scheduled for <b>Monday, May 27 at 10:00am EST</b></p>

## Action items

- [Angela Zoss](#) to follow up with [Marc Johnson](#) about why dates are stored as strings; dates are not being validated for Service Point Usage data model
- Angela Zoss to ask Andrea Loigman on what is difference between returnDate and systemReturnDate for Service Point Usage data model
- Sharon Beltaine to sort out whether or not this needs to be an in app report via follow up with Emma Boettcher for Service Point Usage data model
- Sharon Beltaine will follow up with Eric Pennington and Charlotte Whitt on Shelf List Location report In App vs. DW questions
- [Sharon Beltaine](#) will follow up with [Scott Perry](#) and [Linda H Miller](#) to define proposal for External Statistics report prototype
