- [Martina Tumulla](#)
- [Bethany Greene](#)
- [Sara Colglazier](#)
- [Ann Crowley](#)
- [Charlotte Whitt](#)
- [Kathleen Berry](#)
- [Vince Bateau](#)
- [Ann-Marie Breaux](#)
- [Janet Ewing](#)
- [Vince Bateau](#)

## Discussion items

Item	Who	Notes
Minute taker?	<a href="#">Bethany Greene</a>	
Updates	<a href="#">Eric Hartnett</a>	
Updated mockup of the "Receiving History" for discussion.	<a href="#">Dennis Bridges</a> and <a href="#">Ann-Marie Breaux</a>	<ul style="list-style-type: none"><li>• This area will be exclusively about viewing the history of Receiving and Check-In. Not driving workflows</li><li>• Separate app: first pane will have search and filter, second pane will be list of pieces, once you select a piece you will get details associated with it in a third pane</li><li>• Information about the pieces: title, issue, PO number, location, date ordered, date received</li><li>• In third pane: piece information at the top, item details from instance record in Inventory, PO line details from Orders</li><li>• Where to store barcode? in item record or in piece? Decided to store barcode in the piece</li><li>• Add payment fiscal year and date paid in Invoice section of details pane</li><li>• You don't have to have a search term, you can filter (ex. show me everything from EBSCO that we still need to receive)</li><li>• Order Type is more like Order Format</li><li>• Need Ongoing vs. One-Time filter</li></ul>
PO Number detail	<a href="#">Ann-Marie Breaux</a>	See the discussion post: <a href="https://discuss.folio.org/t/po-numbers-allow-duplicates-or-not/2269">https://discuss.folio.org/t/po-numbers-allow-duplicates-or-not/2269</a> <ul style="list-style-type: none"><li>• Should non-unique PO numbers be allowed? On Discuss post, nobody argued for non-unique PO numbers</li><li>• PO numbers will be case agnostic; alphanumeric</li><li>• PO line item limit set to 500</li></ul>

## Action items
