About us

The User Management SIG, formerly LSP Authentication/Authorizations SIG, works with developers to guide the integration of authentication systems (such as Shibboleth, OAuth, InCommon) and authorization systems (Grouper) into the FOLIO platform. The SIG defines privileges associated with the various types of users. Incorporates issues of privacy of personally identifiable information.

Communication Channels

- Discuss.folio.org category
- Mailing list
- Wiki space (this page)

See FOLIO Communication Spaces for more details about the project's communication channels.

Meetings

The UM team meets via Zoom on Wednesdays at 10:00 AM Eastern U.S. time (see time in your timezone). For more details, see the SIG-UM Meeting Tasks and Notes.

SIG Convener

For more information about the User Management SIG, contact the SIG-UM convener, Maura Byrne.
