Welcome to the FOLIO Wiki

This site holds documentation about the FOLIO project in general and the work of the Special Interest Groups.

For more information on the Open Library Environment and the Open Library Foundation and their relationship to FOLIO, see FOLIO Organizational Relationships.

FOLIO CAN USE MORE TECHNICAL RESOURCES

Please consider donating much needed technical resources. Check here to see which skills we are looking for.

FOLIO Communication Spaces

There are several avenues for keeping up with FOLIO development. Join the community at https://www.folio.org/ and sign up for the "Community Updates" for a monthly newsletter with updates and events announcements. You can browse this wiki without signing up but to participate via the wiki you must first sign up for issues.folio.org, then use the same login information here. Details for these and other options may be found on the FOLIO Communication Spaces page.
