<tbody>
<tr>
<td>Data Import Update</td>
<td>Ann-Marie Breaux</td>
<td>Postponed</td>
<td>Duke uses PQ 360 and expect to continue. Ex Libris recently released an API that they hope to use later. Looked at EDS but don't want another transition right now.</td>
</tr>
<tr>
<td>Knowledge Base choices</td>
<td>Bob Scheier</td>
<td></td>
<td>Scheier: currently using EBSCO's and expect to keep it</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>Chicago - using SFX for years and probably need to revisit, but not at the same time as an ILS migration</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>Duke is also doing a Druple migration next year</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>Texas A&amp;M using EBSCO and expect to keep it</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>Chalmers -moved to EBSCO EDS a year before moving to FOLIO, glad they did it earlier and not at the same time</td>
</tr>
<tr>
<td>Future topics</td>
<td>Tom would like suggestions of which demos we'd like to see. Any particular features or functions? Thinking of courses and receiving now. Also looking for implemented sites willing to demo.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>---------------</td>
<td>--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
<td></td>
<td></td>
