Technical Council

The Technical Council’s charter is here. We were officially formed 7 June, 2018.

The role of the Tech Council is to:
1. Set general technical direction, carefully abiding by our ‘local decision making where possible’ guiding principle.
2. Define processes, procedures and standards required for contributing code to the project
3. Mediate technical conflicts between collaborators or foundation projects
4. Proactively advise the Product Council on technical issues that will require effort and prioritization
5. Respond to requests from the Product Council on technical issues

Technical Resource Needs in FOLIO - As of March 2020

Anyone is welcome to join Technical Council meetings and activities. The elected members from the FOLIO Community are:

- Raman Auramau - EPAM
- Jenn Colt - Cornell University
- Florian Gleixner - BVB
- Jeremy Huff - Texas A&M
- Marc Johnson - Knowledge Integration
- Ingolf Kuss - HBZ
- Maccabee Levine - Lehigh University
- Craig McNally - EBSCO
- Tod Olson - University of Chicago
- Ankita Sen - Mainz University Library
- Jakub Skoczen - Index Data

About us

The Technical Council (TC) will set general technical direction, provide technical guidance to the Product Council, lead technical on boarding, set technical standards and mediate technical disagreements amongst the community when needed.

Communication Channels

- Discuss.folio.org category
- tech-council Mailing List
- Wiki space (this page)
- Technical Council folder on Google Drive

See FOLIO Communication Spaces for more details about the project’s communication channels.

Meetings

The Technical Council meets via Zoom on Wednesdays at 11am Eastern U.S. Time (see time in your timezone). We meet using this Zoom URL: https://zoom.us/j/935492890

ICS file: technical-council.ics

For more details, see the Technical Council Meeting Tasks and Notes.

Our meeting recordings are here. Older recordings can be found here.

SIG Chair

For more information about the Technical Council, contact the chair, Craig McNally.

Sub Groups

The Technical Council engages a variety of sub-groups to work on various topics - Technical Council Sub Groups
